# THE PREFERRED PARTNER FOR DISPENSING SOLUTIONS

At Hovicon International B.V. we meet our customers' challenges with innovative dispensing solutions that protect the integrity of their product and promote their brand. We use our knowledge, expertise and entrepreneurial spirit to provide our customers with safe, hygienic and efficient dispensing solutions while promoting their brand through distinctive design and optimal handling.

## EUROPEAN PRODUCTION BY HOVICON INTERNATIONAL

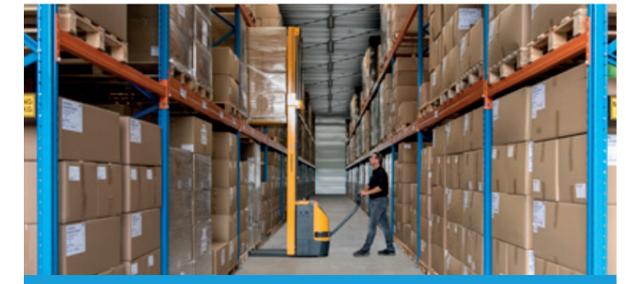

With over 50 years of experience, Hovicon developed into the go-to specialist in dosing equipment for the food- and chemical industry. With a strong focus on innovation and customer satisfaction, we have built a reputation for delivering reliable and durable solutions for a wide range of industries, including food and beverage, pharmaceuticals, and chemicals.

While we offer a wide variety of products in our standard assortment from stock, we also develop dispensers together with our customers that fit their specific needs. This way, you can design your dispensing solution completely according to your wishes.

- Available with: screw-on dosing devices for various neck finishes.

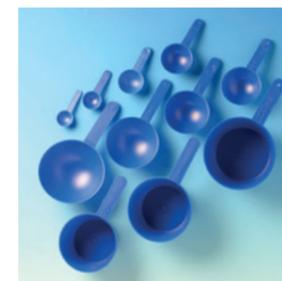

## BOTTLES WITH APPLICATORS

- Material: LDPE or HDPE.
- Available with: spatula, brush, dropper or sponge applicator.

## MEASURING CUPS AND JUGS

- Material: PS or PP natural.
- Dosage: 5 - 250 ml.
- Available with or without graduation.
- Available with or without handle.

## SPOONS

- Material: PS.
- Dosage: 0,5 - 150 ml.
- Available with: custom print.

# SCREW CAPS

Screw caps are a popular type of closure used for various types of bottles and jerrycans. These caps screw onto the bottle/jerrycan threads to create a secure and leak-proof seal. With their easy-to-use design and versatility, screw caps are a great in securing both consumer safety and product integrity.

## REGULAR SCREW CAPS

- Material: PE, PP or Urea.
- Standard sizes: 5 to 180 mm (DIN, 410 or other international standards).
- Various types and colour options.
- Wadded or unwadded (PE, EPE, Teflon, etc.).

## DISC TOP CAPS

- Material: PE, PP or Urea.
- Standard colours: white, black or natural.
- Available for: 20, 24 and 28 mm neck finishes.
- Available with: various orifices.

## FLIP TOP CAPS

- Material: PE, PP or Urea.
- Various types and colour options.
- Available for: all standard neck finishes.
- Available with: various orifices.

## CHILD-RESISTANT CAPS

- Material: PE, PP or Urea.
- Standard sizes: 18 to 80 mm (DIN, 410 or other international standards).
- Various types and colour options.
- Wadded or unwadded (PE, EPE, Teflon, etc.).
- Available with: tamper evident ring, symbols and text.

## TAMPER EVIDENT CAPS

- Material: PE or PP.
- Standard sizes: 18 to 45 mm.
- Various types and colour options.
- Wadded or unwadded (PE, EPE, Teflon, etc.).
- Available with: dropper or pourer.

## SPOUTED CAPS

- Material: PE, PP or Urea.
- Standard sizes: 15 to 28 mm.
- Various types and colour options.
- Available with: attached overcap (cut off top) or twist top.

## SPATULA AND BRUSH CAPS

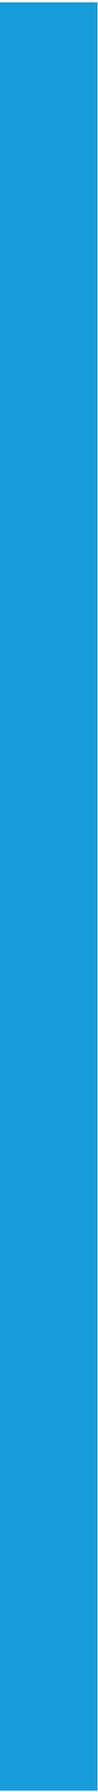

- Material: PE, PP or Urea.
- Various types and colour options.
- Available for: all standard neck finishes.
- Available as: complete set with bottle.

## JERRYCAN CAPS

- Material: PE or PP.
- Standard sizes: 38 to 96 mm.
- Various types and colour options.
